Hungary's Perspective: Achievements and Impact of the Proformance Project

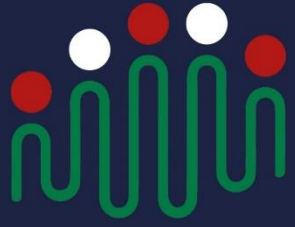

András Báló
Head of Unit

The Hungarian Vision for Higher Education

- **Commitment to quality, performance, competitiveness and internationalization**
- **Support for evidence-based policy and institutional development**
- **Emphasis on teaching excellence and innovation**

Key Benefits for Hungary

- **Development of an assessment tool for teacher performance**
- **Increased awareness and motivation among HEI stakeholders**
- **Enhanced data-driven policymaking**
- **Strengthened regional and EU-level cooperation**

Capacity Building and Networking

- Professional development for Hungarian academic staff
- Participation in international communities of practice
- Participation in workshops and conferences

Supporting National and EU Objectives

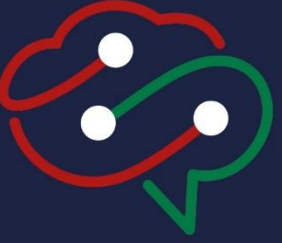

- **Alignment with the Hungarian Higher Education Strategy 2030**
- **Contribution to the EU Higher Education Area goals**
- **Foundations for future collaboration and policy innovation**

What Comes Next?

- **Scaling best practices across more institutions**
- **Continuous monitoring and improvement of teaching quality**
- **Potential integration into accreditation and funding frameworks**
- **Ongoing collaboration with regional and EU partners**
