# Project goals

- To empower the teachers of the four largest public universities in the implementation of the entire study programs in English
- To improve the quality of teaching (language and pedagogical skills in inter-cultural classroom)
- Added value: improved participation in E+

# Added value

*Besides excellent teachers and highly useful lectures, the added value of the training is peer-learning. I was happy to work with colleagues from different disciplines on tasks and projects, while practicing both English and pedagogical approaches. We regularly gather despite the fact that the training is finished!*
