#### International Higher Education Teacher Award 2021/22

#### PRINCIPAL RESEARCHER/PROJECT LEADER

"Can you imagine a system which would enable all athletes & students to develop their talents & abilities to the fullest possible extent?"

"...We can...and TOGETHER" we are working on it!!!"

Asooc. Prof. dr. Dražen Čular, PhD

**PROFFORMANCE Project:** "Implementation of Non-Government Organizations as Teaching Bases in High Education and Research" is an example of good practice in connecting knowledge and resources to improve: results, education and research in kinesiology & sport.

### **Partners**

# Crosport TalentLAB

## 1. Problem?

 One of the main problems in kinesiology & sport is the INSUFFICIENT CONNECTION between science institutions, researchers, sports clubs and coaches

SCAN FOR WEB OR GO TO bkrd.kifst.hr

### 3. Solution

SCAN FOR WEB OR GO TO bkrd.kifst.hr

Mhrzz\_3366@kifst.hr

An NGO is given a TEACHING BASIS (TB) STATUS which is re-evaluated every year based on the assessment of:

- teaching conditions,
- science popularization activities,
- joint project applications,
- providing research samples,
- writing and publishing final theses and scientific articles.

Mhrzz\_3366@kifst.hr

 provide the preconditions for the realization of the program proposed by the consortium composed of involved partners

<sup>1</sup>SAVE: Erasmus sport + Project: Sport against violence & exlusion <sup>2</sup>BKRD: Croatian Science Fundation Project (IP-2020-02-3366): Biological, Cronological and relative age in function of establishing national sport talent system

Mhrzz\_3366@kifst.hr

### 6. Roles of the partners involved

(CSF BKRD project example)

- R&E Institutions: University of Split, Faculty of Kinesiology, School of Medicine in Split (MEFST), Genos d.o.o. laboratory and Center of Excellence of Split-Dalmatia County provided researchers and scientific equipment
- The TB: European Institute for Talent, Education, Research and Development (CAF) provided the facilities for CRO SPORT TALENT LAB.
- **The NGO** provided the research sample and participation of experts (coaches) in the education process.
- The Ministry of Tourism and Sport & The City of Split provided the project promotion and support.

hrzz\_3366@kifst.hr

## 7. Implementation of the Model

- The model was implemented in the Subject Systematic kinesiology 1 within the Graduate study of Kinesiology.
- A University textbook was written in Croatian and English language.

Mhrzz\_3366@kifst.hr

## 7. Implementation of the Model

The program included domestic and Erasmus students.

#### SURADNJA STRUKE, ZNANOSTI NASTAVE Bolnica "Sv. Katarina" nastavna baza Sveučilišta

U sklopu programa međunarodne znanstvene konferencije "Contemporary kinesiology", koja je koncem kolovoza okupila brojne svjetske znanstvenikt iz područja kineziologije i srodnih znanosti, predstavni Sveučilišta u Splitu, kineziološkog fakulteta i Medicinskog fakulteta potpisali su Sporazum o poslovnoj suradnji sa Specijalnom bolnicom "Sv. Katarina" iz Zagreba koja postaje nastavna baza Sveučilišta. Specijalna bolnica zv. Katarina europska je članica prestizne organizacije "The Leading Hospitals of The World". Ona je službena bolnica Hrvatskog nogometnog saveza, HNK rajduka, RNK Splita itd., a isto tako skrbi o najuspješnijim hrvatskim i europskim soortašima.
