# European Language Label Award

- ✦ For Demonstrator Student involvement in LSP teaching and for the development and effective application of this innovative language teaching methodology.

The award is managed by the Tempus Public Foundation and was first developed and articulated by the **European Commission** to reward **exemplary and innovative implementation of foreign language teaching programs.**

Head of Department: Dr Vilmos Warta

Purposes and Communication

# Assessment with our Simulated Patient Program

- The **objective** of the assessment is to evaluate students' understanding, to measure their learning progress in LMP and to identify the areas of development
- Field related skills can also be assessed this way: adaptability to certain situations, empathic communication skills, offline and online communication skills - Telemedicine

# Simulated Patient Assessment

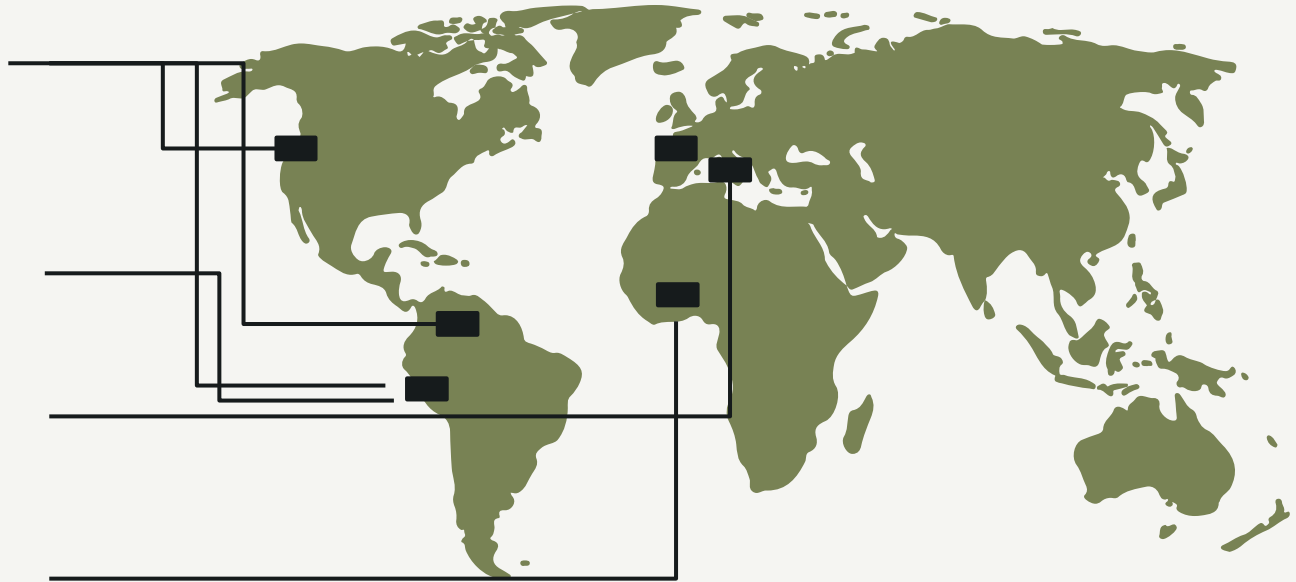

UNIVERSITY OF PÉCS  
MEDICAL SCHOOL

Department of Languages for Biomedical  
Purposes and Communication

# Adaptable, Sustainable & Transferable

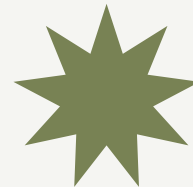

The method can be easily **adapted** and **transferred** into other contexts, especially to other Higher Education Institutions

Requires human resources and human touch
